

## **THE PEOPLE'S KING'S GARDEN**

By: MR. A1.SINO.AS.S''2'' .IR.SOEGIHARTONOTONEGORO.ST.M1

A ripe guava is already picked, I brought it from the King's garden to be harvested.  
I shall sow the seeds back from that Guava and it is infinite because it's continuously growing.  
Accept it, and no need for you to climb, poke, throw, or reach for that ripe fruit, because it's in my hands.  
And it is not the tree you aim for while you're thinking how to reach for it (the fruit).  
I shall enjoy it and give to all owners so all shall experience The King because of his role as The People.

In the Palace of two Para Noya Gurasi of Mother Earth, delivered by Golden Coach Chakra (Vishnu's Mystical weapon) Sculptor of the Universe, I've accepted Absolutely/Unconditionally because both Rights from the garden are in my hands, King Obeys because of Duty.

For that was why You existed, and I existed, I call you by your name from A-Z, you shall not forget your duty and complete your duty in my presence until you understand why you mention and pray in the name of Your Lord.

I've created the Palace in the form of His own Self.  
I've created a World of Beautiful life in Paradise.  
The fact of Birth and Inner Self are carried in a body/womb so You are perfect because of His Perfection.

Calm what is within your heart, Understand what is within your heart, illumine your thoughts Fully.  
Be the Sun - Sun is like Stars astonishes the Earth, even though you are up above, you shall therefore see its foundation through the cracks.  
The content of the King's Garden IS also for his people and for this reason he is called, because God Almighty is his Creator.

### **RAKYAT TAMAN SANG RAJA**

Jambu matang sudah terpetik, ku bawa dari kebun Raja itu dituai.

Akan kutabur kembali biji jambu itu dan abadi karena ia selalu tumbuh

Terima itu, dan tak perlu kau memanjat, menyengget, melempar, atau menggapai buah matang itu, sebab itu ada di tangan ku.

Dan bukanlah pohon yang kau maksud saat kau berfikir bagaimana cara meraih itu.

Akan kunikmati dan kuberikan hingga semua merasakan kepada para pemilik sang Raja karena peranannya sang Rakyat.

Di Istaini Dua Para Noya Gurasi Ibu Pertiwi, di hantar Kereta Kencana Cakra Pengukir Jagad, Aku menerima Mutlak karena Hak kedua di tanganku dari kebun, Raja Patuh karena Tugas.

Untuk itulah kenapa Engkau ada, dan aku ada, Aku memanggilmu dengan nama mu dari A-Z, Tidaklah lupa akan tugasmu dan selesaikan di hadapanku hingga Engkau tahu mengapa engkau menyebut dan berdoa Atas nama Tuhan Mu.

Ku jadikan Istaini ini wujud jadi diri Nya.

Ku jadikan indahnya kehidupan surga Dunia.

Kenyataan Lahir dan Batin di kandung badan agar Engkau sempurna karena kesempurnaanNya.

Tenanglah isi jantungmu, Mengertilah isi hatimu, Penuhlah bersinarnya akal fikiranmu.

Jadilah Matahari- Matahari seperti Bintang-Bintang yang menakjubkan di Bumi, meski engkau ada di atas, agar Engkau bisa melihat sampai ke sela-sela dasarnya.

Isi Kebun Taman Sang Raja pastilah juga karena untuk Rakyatnya dan untuk itulah maka Ia disebut, Karena Tuhan Yang Maha Esa sang PenciptaNya.
