

*Greetings and Highest Blessings
In this Now we are going to contemplate the relationship between Swissindo and
the United Nations with a study-document entitled ...*

Why the United Nations has no President? That is why Swissindo exists!

(Kenapa PBB punya Sec Gen tapi tidak punya President? Itu kenapa ada Swissindo!)

*(The question was posed by Bapak Sugih and an enthusiastic team set out to answer the question;
The following is their findings)*

Before UN, was the League of Nations from 1919 – 1946

The forerunner of the United Nations was the League of Nations, an organization conceived in similar circumstances as today, although during the First World War, established in 1919 under the Treaty of Versailles "to promote international cooperation and to achieve peace and security." The International Labor Organization was also created under the Treaty of Versailles as an affiliated agency of the League. The League of Nations ceased its activities after failing to prevent the Second World War.

The concept of a peaceful community of nations had been proposed as far back as 1795, when Immanuel Kant's *Perpetual Peace: A Philosophical Sketch* outlined the idea of a league of nations to control conflict and promote peace between states. Kant argued for the establishment of a peaceful world community, not in a sense of a global government, but in the hope that each state would declare itself a free state that respects its citizens and welcomes foreign visitors as fellow rational beings, thus promoting a peaceful society worldwide.

The first schemes for international organization to prevent future wars began to gain considerable public support, particularly in the United Kingdom and the United States.

The League held its first council meeting in Paris on 16 January 1920, six days after the Versailles Treaty and the Covenant of the League of Nations came into force. On 1 November 1920, the headquarters of the League was moved from London to Geneva, where the first General Assembly was held on 15 November 1920.

In 1939, a semi-official emblem for the League of Nations emerged: two five-pointed stars within a blue pentagon. They symbolized the Earth's five continents and five "races". A bow at the top displayed the English name ("League of Nations"), while another at the bottom showed the French ("*Société des Nations*")

Purpose of the League of Nations:

Its primary goal was to prevent war through the principle of “collective security”, “disarmament”, “open discussion to replace secret diplomacy”, “self-determination” and “negotiation and arbitration”. Another purpose underlying the international activities included the eradication of individual smuggling, drugs, arms trafficking, war criminals and the protection of minorities in Europe and the improvement of global health.

The reason why the League of Nations was dissolved and the United Nations became its extension.

In practice, the League of Nations was not able to solve the problems of great importance towards the development of world peace. As a result the League of Nations failed to prevent the outbreak of WWII in September 1939. The League of Nations formally dissolved itself on 18 April 1946 and transferred its mission to the United Nations.

United Nations was registered in Batavia, now Jakarta, Indonesia 17th August, 1945

The name "United Nations", coined by United States President Franklin D. Roosevelt was first used in the Declaration of United Nations on 1st January 1942, during the Second World War, when representatives of 26 nations pledged their Governments to continue fighting together against the Axis Powers.

The Charter of the United Nations was signed on the 26th June 1945 by 50 countries in San Francisco, California at the conclusion of the United Nations Conference on International Organization. Poland, which was unable to send a representative to the conference due to political instability, signed the charter on 15 October 1945. The charter stated that before it could come into effect, it must be ratified by the Governments of the Republic of China, France, the USSR, the United Kingdom, the United States and by a majority of the other 46 signatories. This occurred on 24 October 1945 and the United Nations was officially formed. The Statute of the International Court of Justice is an integral part of the Charter.

In December 1945, the US Senate and the US House of Representatives, by unanimous vote, requested that the UN make its headquarters in the United States. The UN accepted this suggestion and, after considering sites in the Black Hills, Flushing Meadows–Corona Park, Navy Island and what would in the future become the World Trade Center site, decided to

construct the United Nations headquarters building in New York City in 1949 and 1950 beside the East River. The UN headquarters officially opened on January 9, 1951, although construction was not formally completed until October 9, 1952.

Why the UN was registered In Batavia, Indonesia

The United Nations was registered in Batavia, which is now Jakarta, Indonesia with the UN-APPROVAL NO.MISA 81704 on August 17th, 1945 and the UBS-UNPRI, which is (6:24) the UN-Principle for Responsible Investment, held by SWISSINDO. www.unpri.org

The first President of Indonesia, also Caretaker M1, Ir. Soekarno (6:36), funded the United Nations Organization with EXHIBIT B OBLIGATION CERTIFICATE UBS "17 SBG" with a value of **US\$.506.502.000.000 (Five Hundred Six Billion Five Hundred Two Million Dollars)** *this was* for MAXIMUM PERIOD of 70 years; ending on the (6:56)17 August, 2015;

The United Nations Organization was launched in San Francisco on the 13th of February 1946.

Now, President Soekarno backed the UN because he had the ultimate purpose of taking the world "BACK TO BASICS", which is an Essential Foundation and Moral Code for ALL, where Responsibility, Truthfulness, Accountability, Dignity, Diplomacy, Respect, Honor, Compassion, non-greed, non-stealing, Non endangerment and Selfless Service to Others.

In 1948 United Nations adopted Back to Basics in a Resolution entitled "The Universal Declaration of Human Rights". Whereas recognition of the inherent dignity and of the equal and inalienable rights of all members of the human family is the foundation of freedom, justice and peace in the world".

From the North, East, South or West, the doors of NEO The United Kingdom of God Sky Earth are open to all Men, Women and Children of all nations, peoples and organizations. All Creatures are universally accepted and all of Nature together with it's natural environments are protected and included as the ecosystem of the Kingdom.

UN Goals and Principles:

A: UN GOALS

1. Maintaining international peace and security.
2. Developing brotherly relations between nations.
3. Creating cooperation in solving problems of economic, social-cultural and human rights.
4. Making the United Nations a central effort in realizing the common focus of the above goals.

B: UN PRINCIPLE

1. Based on the sovereign equality of all its members.
2. All members must comply with their sincere obligations as stated in the UN Charter
3. All members must resolve their international disputes by peaceful means without endangering peace, security and justice.
4. In international relations all members should avoid the use of threats or violence against another country.

Has United Nations fulfilled its Purpose and Goals?

Just look around.

It has been 70 years since United Nations was founded but we still have wars that are being created by corrupt leaders to benefit themselves and banking cartels which destroy World Peace. We still have hunger that comes from the lack of protection from tyrannical and greedy governments. We still have governments and Banks that create more lack in their people by robbing them through the monetary slavery system and unnecessary taxes. To date it seems that UN needs a lot of help to bring us the people closer to the solution, World Peace.

Missing records:

There are no records of President Soekarno's involvement with the United Nations to be found in UN official or unofficial documents that show anything related to President Soekarno being the Chief of the UN Council Board or the original UN registration being in Batavia, Indonesia on 17 August 1945.

The official records only show that on 28 September 1950 Indonesia became a member of the United Nations and resigned on August 20, 1965 but, on 28 September 1966 Indonesia once again become a member of the UN

(10:47-11:09) and yet, while performing a search: there is a UN Multimedia photo with a top caption reading "President Sukarno UN Secretary General"

<http://www.unmultimedia.org/photo/detail.jsp?id=972/97289&key=1&query=president%20sukarno%20un%20secretary%20general&lang=&so=0&sf=date>

As can be seen in the official record below, there is no record of President Soekarno as the UN Secretary General

<http://encyclopedia2.thefreedictionary.com/List+of+United+Nations+Secretaries-General>

List of UN Secretary Generals:

It is no surprise, however, when searching for Truths, we find that our history books and much internet information strangely changed or omitting true occurrences.

What is President Soekarno's and President John F. Kennedy's connection to SWISSINDO?

In 1963, The Green Hilton Memorial Agreement was signed by Indonesian President Soekarno, President John F. Kennedy and William Vouker as the Swiss state and Bank witness in Geneva, Switzerland.

November 1963 as part of U.S. government acknowledgement of the existence of gold bullion from Indonesia which was to be used as collateral for the U.S. financial world to issue gold-backed (12:29) US Dollars in order to continue to facilitate International Trade. The operation was to be conducted by the Swiss Government through (UBS) the Union Bank of Switzerland. The potential of this Agreement led to Executive Order 11110, which provided the Department of the U.S. Treasury the power to issue United States Dollars (instead of the Federal Reserve). On the 22 November 1963, eight days after the signing of the Green Hilton Agreement, United States President, John F. Kennedy was assassinated. The authority granted to the U.S. Treasury was never carried through.

The intent and purpose of this agreement was to free the American people from the Banking cartels' tyranny (13:18) and the debt slavery system in which Humanity is still caught up in today; this freedom was to lead to the financial freedom of the entire world. With the death of President Kennedy and the house-arrest of President Soekarno (13:34) this plan never came to fruition; it was the framework for the international cooperation that has now resulted in the SWISSINDO WORLD TRUST INTERNATIONAL ORBIT MISSION. Swissindo is now carrying out President Soekarno's and President John F. Kennedy' Mission and taking it GLOBAL.

Who is SWISSINDO'S Leader now?

Please note: the following names and titles are names of entitlement, rights by Divine and physical inheritance, proof of ownership, position, authority, scope of purpose, proof as legal asset holder, master and ultimate sovereign over global assets.

Another thing to note is that within swissindo documents one comes across words and names that, on the surface don't make sense ... "big top president", for instance ... know that these titles and documents are translated from Indonesian. Indonesian, similar to Sanskrit or Hebrew, is an Ancient language where the mere pronunciation of words, the very sounds are Creative, Sacred sounds with deep meaning and nuance. To translate such depth into what is a relatively young language like English, well, there is sometimes difficulty getting the point across. So the recommendation is this, upon hearing unfamiliar usage of English words, use the Heart to understand the MEANING of the words, the depth of their meaning, instead of the common, surface meanings, which at first sound out of place ... so here we go:

As of 2001, His Majesty MR. A1.SINO.AS.S”2”.IR.SOEGIHARTONOTONEGORO, ST. THE VENUS PROJECT *a Global Resource-Based Economy, where All goods and services are available without the use of money, barter, credit, debt, or servitude of any kind, this is for the Construction of the Universe; A redesign of Societal Living.* Mr. Jacque Fresco, the mastermind of this magnificent project which represents the culmination of his life's work: to bring about the integration of the best of science and technology within a comprehensive plan for a global society based on human and environmental concern will soon be ours to enjoy.

To quote Jacque Fresco, as Interviewed on TV by Larry King, 1974: "The entire money structure and materialistic society is a false society. Our society will go down in history as the lowest development in man. We have the brains, the know-how, the technology and the feasibility to build an entirely new civilization."

One of the basic premises of The Venus Project is that we work towards having all of the Earth's resources as the common heritage of the entire world's people. The age-old inadequacies of war, poverty, hunger, debt, environmental degradation and unnecessary human suffering are viewed not only as avoidable(24:04), but totally unacceptable.

Footnote by H.M Ani Forest:

Einstein was writing about a **single world government** at the time he wrote:

"I do not know how the third World War will be fought, but I can tell you what they will

use in the Fourth — sticks and stones."

Albert Einstein described a chaotic capitalist society, a source of evil to be overcome, as the "predatory phase of human development" (Einstein 1949).

We are at the final stage of that phase of human development and we are at the brink of the next phase, the New Earth, where all Kingdoms, including Human, Animal, Plant and Mineral, live on the Planet in Harmony and Respect under Divine Law, where All Are One.

Blessings Be.
